

THE DRIVELINE EXPERTS

Driveline Components for Jeep Applications

U-Joints, Slip Yokes,
Stub Shafts, Tubes,
DC CV Heads,
HR End Yokes
and more

Manufacturing Driveline Solutions®
in the USA Since 1921.

Demand Genuine Neapco - Here's why

As a USA based company since 1921, New England Auto Products Corporation™, Neapco, is a world-class OE and Aftermarket supplier. Our application-specific engineering and data-controlled manufacturing processes ensure high quality and optimal performance for your vehicle.

Industry Leading Coverage for Jeep Wrangler Applications

Neapco is pleased to announce our Jeep Wrangler application coverage to include the new JL and JT models. With these additions we have the most comprehensive line of products in the industry for Jeep Wrangler applications. Continuing our long standing history of bringing quality solutions to Jeep Wrangler enthusiasts of all model years.

WITH COVERAGE THAT GOES BACK TO THE 1959 CJ3, CJ5, AND CJ6, THROUGH MORE CURRENT MODELS INCLUDING:

JK Wrangler model years 2007 – 2018

JL Wrangler model years 2018 – Current

JT Gladiator model years 2020 – Current

Universal Joints – Neapco U-Joints are packed with application specific features and benefits to meet your needs, including:

- Advanced, multi-lip, long-life seals options – Resist heat, and enhance grease retention and optimal protection from environmental contaminants.
- Tight tolerances and precision grinding of journal trunnion radii – Eliminates potential stress risers which can lead to premature failure.
- Precise case hardening – Specific and precise heat treating processes increase universal joint strength and durability.
- Greasable and lubed-for-life/service-free options

Neapco Genuine Zerk (grease) fittings
for ease lubrication.

Neapco OE Series
Lubricated for life to reduce maintenance costs and vehicle downtime.

Neapco Performance Series
Designed for extended-life performance.

Our U-Joints come in three series to fit your specific need:

Double Cardan Assemblies and Components

- 1310 - 1410 Universal Joint Series
- Greasable and Lubricated for Life - High Performance Sealing System options
- Meets OEM Performance Standards
- Covered by Neapco's "Extended Warranty"
- Backed by Neapco's Superior Customer Service
- Available for Immediate Shipment

Other Neapco components for Jeep applications include:

- End Yokes
- Stub Shafts
- Slip Yokes
- Companion Flanges
- Flange Yokes

Trusted Performance

Beyond Original Equipment Manufacturers, Neapco is trusted by some of the industry's top builders and race teams.

Neapco High Performance Grease

Introducing Neapco's Performance Universal Joint grease. Our grease has been specifically developed and validated to be the industry's highest performing lubricant for universal joints and can also be used to lubricate steel-on-steel driveshaft slip splines. Neapco grease has been used for many years for OE truck, SUV, and performance automotive industries, providing up to 150k+ miles of protection in Neapco OE and Performance Series service-free UJs.

Neapco Performance Series U-Joints

Neapco Performance Series Universal Joints are the next generation of u-joints and outperform the leading competitor's joints in ultimate strength and fatigue tests. Neapco Performance Series U-Joints achieve this exceptional performance through the advanced design and engineering capabilities we have as the leading OEM tier one driveline supplier in the U.S.A.

High Cycle Fatigue Comparison

**UP TO 33% STRONGER THAN
THE LEADING COMPETITOR.**

COMING SOON!
**ULTRA PERFORMANCE
UNIVERSAL JOINT GREASE**
